

## St CLAIRE (Charitable Organization)

**OUR MOTTO - help a girl child, bless the world !!**

### ABOUT ST CLAIRE

St Claire is a charitable organization which aims at offering assistance, promotes advanced education, provides emotional support and raise awareness of self and others amongst girls as they are the future of the world. We take St Claire, commonly known as St Claire of Assisi as our inspiration, in that she did not only choose to serve God but, she also took it upon herself to leave behind all the luxuries of this world to go and dwell amongst other ladies and share with them a part of herself. And because of that we will celebrate her every 11<sup>th</sup> day of August each year. And it is our hope that as she attracted other women, we also do that and grow our organization, a legacy for women.

Who does St Claire target? We offer our services to any girl who is in need of any of the services we provide, for we know what it is to have and not have (Philippians 4:12). In order to be able to reach out to these girls and provide services to them, we have devised safe ways to find funds, hence our set target will all be met. It is in the interest of reaching the whole world that we will create an app in order to spread awareness, attract well wishers, those in need of our services, and send updates about our organization. We will also be available on different social media networks.

We are confident in ourselves, proud to offer ourselves in hope of bringing light to the world through charity. By putting a smile on others we also find ours. St Claire, preaching Philautia, Agape (self love, selfless love). St Claire, help a girl child, bless the world!!
